

INNOVATION AND
ENTREPRENEURSHIP
DEVELOPMENT CENTRE

TinkerHub

Hello and Welcome!

We're thrilled to have you here for Kerala's largest women-only hackathon!

Hosted across **60+ venues**, empowering **4000** women in tech.

No experience? No problem!
This is a space to learn, experiment, and build.

What is Tink Her Hack?

- A **24-hour** women-only hackathon to build, learn, and collaborate.
- **Open to anyone** who wants to explore tech–no prerequisites required!
- Multiple venues across Kerala providing a safe and inclusive space to innovate.

About TinkerHub

TinkerHub Foundation is a non-profit that focuses on democratizing technology through peer learning and community-driven initiatives. We create accessible learning programs for students, to upskill in tech and build a maker mindset.

Learning Programs and Mentorship opportunities

- **5 Lakhs+** in prizes, scholarships to GHCI Celebration, and goodies for top projects!
- Top 300 participants get a chance to attend GHCI celebrations.
- Top 300 participants will be invited for Women Maker Celebration.
- Top 300 will get incubated for Women Startup Initiative by Kerala Startup Mission.

What Can You Build?

You are free to build anything!

- Identify any problem and create a tech-based solution.
- Web apps, mobile apps, AI projects, IoT prototypes, or anything innovative!
- No predefined problem statements—your creativity drives the project!

Time & Timeline

How much time do you have?

- Hackathon runs for **18 hours** (Overnight Slot) or **9 hours** (Day Slot).
- You will work independently or with your team to build a prototype.
- Key milestones:
 - Check-ins with mentors
 - Breaks
 - Final submission deadline

Participation Guidelines

- Every participant must be a member of the **TinkerHub Discord Server**.
- No prior experience required—beginners are welcome!
- Participants can register as **individuals** or in teams of **1-2 members**.
- Registration is done via the **TinkerHub App**. Visit her.tinkerhub.org to sign up.
- If you don't have teammates, use the **Guest Flow** in the TinkerHub app or find teammates through the **Tink Her Hack** channel on Discord.

General Guidelines

- Participants must strictly follow the **Submission Guidelines** and adhere to **deadlines**.
- All projects must be **original** and built during the hackathon—**plagiarism** will result in **disqualification**.
- Mentorship & Resources will be provided, but participants are encouraged to be independent and explore solutions.
- Participants are prohibited from using platforms that creates projects with single prompt(eg: lovable, replit, etc). They can use ChatGPT, Gemini etc in the development process.
- Keep an eye on the **Discord server** for important announcements and updates.

POSH Guidelines

- Tink Her Hack is committed to creating a safe, respectful, and inclusive environment for everyone involved.

Respect & Professional Conduct

- All participants, mentors, hosts, and organisers are expected to behave respectfully and professionally at all times.
- **Zero Tolerance for Harassment**
- Any form of harassment – verbal, physical, visual, online, or behavioural – will not be tolerated.
- **Consent & Boundaries Matter**
- Unwelcome behaviour, intrusive questions, inappropriate comments, or unwanted contact are strictly prohibited.

POSH Guidelines

Shared Responsibility

- Safety is a collective responsibility. Hosts, mentors, and participants must actively support a safe environment and intervene or report concerns when needed.

Reporting & Action

- Any incident can be reported confidentially to report@tinkerhub.org.
- Verified violations may result in immediate removal from the event and future programs.

Mentor Support

Mentors are here to help!

You can ask for technical guidance, project brainstorming, or debugging help.

However...

- Mentors will not write code for you but will guide you in problem-solving.
- You are encouraged to research and experiment independently.

How Will Your Project Be Judged?

- **Innovation & Creativity (40%)** – How unique and impactful is the idea?
- **Technical Implementation (30%)** – Code quality, logic, and execution.
- **Functionality & Usability (20%)** – How well does the project solve a problem?
- **Presentation & Documentation (10%)** – Clear README, demo, and explanation.

Final Submission Guidelines

Upload your project on GitHub with a README.

- Include a **short demo video** (3-5 mins) if possible.
- Submit your project before the deadline via the **TinkerHub App**.
- Incomplete projects? Still submit! You'll get valuable feedback!

Deadline: No late submissions accepted!

Final Notes

Give it your best shot!

Ask for help when needed.

Most importantly, have fun & learn!

**Tink
Her
Hack**
